Hi Susan,

I assume this is in response to Tito's 6/30 request for Regions to submit requests for end of year money? I'm not sure how much money is available, but we'll add this one to the list. I think Tito would like to get a bit more detail on the site to help in deciding among competing Regional requests. Do you have any more detail on the site conditions, threats, NPL status, EJ, etc?

Delfasco, a RCRA vapor intrusion site in Region 6 is being referred to superfund. Multiple residences are impacted. RCRA has issued the company a UAO and Delfasco has stated they have no funds to comply with the order. Enforcement is ongoing.....

We need \$200,000 to begin site remediation. An additional 100 homes need to be sampled. Any funds available at HQs? Potential funds becoming available in September? Let me know...Thanks. susan
